

International Workshop "Knots, braids and automorphism groups"
Novosibirsk, Russia, July 21 – 25, 2014

HOMOTOPY GROUPS, BRAIDS AND LINKS

JIE WU

In this talk, we will talk recent progress on the fundamental connections between homotopy groups, braid and link groups. This talk will be based on the collaborative work of the speaker with his coauthors Valeriy Bardakov, Jon Berrick, Fred Cohen, Fuquan Fang, Fengchun Lei, Fengling Li, Jingyan Li, Roman Mikhailov and Volodia Vershinin.
